BOTH PARTIES LOOK

didate as anybody to date.

"Why, the west is just as well able to come forward and present claims why the west should have the presidential candidate next year as is the cast," said an eastern democratic leader to the Tulsa World correspondent. "The west put Wilson back pondent. "The west put Wilson back in the white house and it ought to have some say. And remember this, have some say. And remember this, have some say. And remember this, have some say. And remember this for a dam and where rock foundation is available over the entire riverbed. this time is going to make precious little difference. If he comes from Nevada and makes an appeal to New

occasion. However track condi-tions are a vast

fleers in France were a little too well tailored to make a popular appeal. The doughby has a fairly good idea that he won this war and would have won it no matter who the officers had been. He also has an idea he is going so have a big may in the next election and be is not going to vote for a military man. Positively Relieves Pain in Few Min-

Scantors Have Better Chance.

Therefore, senators having an excellent opportunity to be in the calcium glow for the next two years and having these returned soldiers who know men very well watching Fun, are going to be revealed for just what they are and the man who sizes up right is quite likely to find himself touring the country as a presidential candidate.

Besides Senator Owen the democrats in the senale who their friends rate as presidential size include Pomerene of Ghio, Walsh of Montana, Underwood of Alabama and Williams of Mississippi.

The republicans have even more ranked as available in the senate notably Harding of Ohio, Wads worth of New York, Watson of Indiana, Borah of Idaho, Johnson of California, Lodge of Sizesachusetts, Mary of Pensylvana, McCeronick.

California, Lodge of Stassachusetts, Minutes, Knex of Pennsylvania, McCormick of Illinois and Cummins of Iowa.

SPAVINAW IS CITY'S ONLY WATER SOURCE

other neighboring cities.

While this source of supply has been carefully considered and while the quantity of water available is adequate, and the quality of the water far superior to that which is actionally in the control of the

The city of Pryor takes its water from the Grand at a point about 10 miles north of the proposed point of intake on the Grand for the city of Tolsa, and while this water is treated before delivery and its quality is excellent, there are times during the high water periods of the river when the water as delivered at the taps is extremely dark, due to the material carried in suspension and giving

for from satisfactory.

Nevada and makes an appeal to New York he is just as likely to carry the empire state as if he resided in Buffallo.

This view is coming to be taken more and more. There has been much talk of Governor Cox of Ohio, The Buckeye state landed in the democratic column in 1916 when all the east was going for Highes. Consequently, a lot of politicians have been saying that Ohio capidiate would spread to the west or would have a better chance in his own state than some other.

Figuring on past performances the senate is not a very good place from which to start a presidential run. They have had competent jockeys and have carried a lot of the money of their backers. But someous those have been scratched or each occasion. However, the seath of the carried a lot of the money of their backers. But someous they have been scratched or each occasion. HEADACHE WARNING

Reomve the Cause With Naturized Liver Tablets.

Headuches are one of nature's warnings. They mean danger ite-move the cause by taking Naturized water far superior to that which is available in many cities of the south west, yet it is recommended that this source be eliminated in view of the fact that the water from the Grand during many periods of the system poisoned, for the simple year becomes turbid and would require treatment, preferably filtration, before delivered to the consumers.

The city of Muskogee utilizes water from the Grand and has a water of excellent quality both from a chemical and barteful standpoint, but though chemicals are used and sedimentation basins constructed, the water as delivered is turbid.

The city of Pryor takes its water.

THE EQUITABLE

LIFE ASSURANCE SOCIETY OF THE U. S. 120 BROADWAY, NEW YORK

Of all the Equitable's sixty years of public service, 1918 was by far the most important and successful.

During that year the greatest epidemic in America's history carried off over 400,000 people, most of them in the young and healthful period of life.

Of the \$27,799,026 distributed in death claims by the Equitable in 1918, to the beneficiaries under itspolicies, \$5,200,000 was directly due to the epidemic of Influenza and Pneumonia, emphasizing the urgent need of life insurance and of securing it at an early age.

In 1918 the Equitable distributed to its policyholders in Death Claims, Endowments, Dividends and other benefits, \$65,412,490. It also promptly met all the obligations imposed by the Government during the great war. Liberty Bonds to the amount of \$54,000,000 were purchased during 1918. To do this it was necessaryfor the Society to borrow \$23,000,000.

The following figures are from the Society's 59th Annual Statement, which will be furnished on request:

OUTSTANDING INSURANCE, Dec. 31, 1918 \$1,924,538,578 Increase over 1917, \$169,669,670 NEW INSURANCE IN 1918 \$273,223,559

Increase over 1917, \$21,878,907 Balance due Banks, Liberty Bond ac. . . . 21,000,000 \$522,903,167

Other Liabilitles SURPLUS RESERVES: For distribution to Policyholders, 1919. \$18,016,362

Awaiting apportionment on deferred dividend policies 57,967,578 For Contingencies

12,926,813 ASSETS, December 31, 1918

Through GROUP INSURANCE the Equitable, in 1918, increased the protection furnished by employers to their employes to the extent of \$80,-000,000. The value of this protection was strikingly illustrated during the epidemic.

There was a marked gain in policies giving beneficiaries Monthly Incomes for life, as well as in Business Insurance, and in policies to cover Inheritance Taxes.

There was also a large increase in life policies providing for (1) waiver of premiums if totally disabled, (2) continuous income during total disability, and (3) double payment in case of accidental death.

As an extension of this branch of Equitable service, policies are now issued giving complete accident and health coverage, and providing for weekly incomes for disabilities caused by accident and disease.

savings under this plan.

At the opening of this store we also announced our Lay-Away Plan whereby those desiring to make partial payments could also buy at cash prices: We place the garment selected in our Lay-Away Room until it is paid out. Use this plan - it will save you money.

The New Coats

Capes, cape effects and Dolman wraps vie with each other in the claim for popularity. Like suits, the spring wraps permit of a wide variety for your choosing. There is not a dominant style that may be singled out as the decree of fashiondom for the season. The materials also extend variety, and the features in trimmings are tricolette collars, cuffs and vests, some with handsome silk and button trimmings, others handsomely adorned with braid.
